

# About the Spaulding Rehabilitation Network

Sections 

Whether you require specialized care in one of our highly regarded rehabilitation hospitals or help recovering from illness, injury or surgery at one of our outpatient locations, Spaulding clinicians will help you find the strength to live a full and active life.

## About the Spaulding Network

We're proud – and work hard – to be a recognized leader in rehabilitative medicine nationally, internationally and right here at home in Eastern Massachusetts. We offer world-class inpatient and outpatient care through a network of 4 inpatient facilities and more than 20 outpatient centers located throughout Eastern Massachusetts. Our mission is to provide exceptional clinical care, promote medical education, and advance research in rehabilitation medicine.

**Best Rehabilitation Hospital 2020/2021**

The network is anchored by Spaulding Rehabilitation Hospital Boston, which is ranked as the #2 rehabilitation hospital in the country by *U.S. News & World Report* for 2020/21 and is the only rehabilitation hospital in New England ranked each year since 1995.

The Spaulding Rehabilitation Network is the official teaching partner of the Harvard Medical School Department of Physical Medicine and Rehabilitation (PM&R).

## Mission and Vision

We are committed to delivering compassionate care along every step of your rehabilitation journey, from inpatient care to outpatient services and wellness programs, all designed to help you recover from, or learn to live fully with, illness, injury or loss of ability.

The Spaulding Rehabilitation Network is a nationally recognized leader in innovation, research and education. We are noted for exceptional patient outcomes and for delivering a broad range of integrated healthcare solutions. We are leaders in shaping health policy and in advocating for our patients, their families and our staff.

## About Mass General Brigham

The Spaulding Rehabilitation Network is part of Mass General Brigham, founded by Massachusetts General Hospital and Brigham and Women's Hospital. The knowledge and expertise of this entire healthcare system is available to patients and caregivers. Our continuum of superb healthcare ensures you and your family will find the care you need at every step of your healthcare journey and the strength you need to live life to the fullest.
