According to the report, JAC Group sold 42,000 vehicles in December, representing a 14.73% increase year on year. The cumulative sales volume of the automaker amounted to 524,000 vehicles in the year 2021, rising 15.63% compared to a year ago.

Previously, JAC Group set an annual sales target of 500,000 vehicles in one of its announcements. Judging from its 2021 performance, the company has outperformed its target.

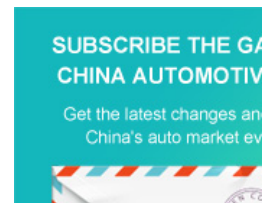

Specifically, JAC's commercial vehicle sector sold 16,500 vehicles in December, resulting in a total of 271,800 vehicles sold in the twelve months of 2021. The cumulative sales volume of its multi-functional commercial vehicle saw a near 20% increase year on year.

On the other hand, JAC Group sold 25,600 passenger vehicles (PVs) in December. In 2021, the company sold 252,500 PVs, soaring 62.27% from the previous year. Its SUV sector sold 20,800 vehicles in December, indicating a 62.09% year-on-year jump. The cumulative sales volume of SUVs amounted to 193,800 vehicles in total, more than doubled from a year ago, at 117.55%.
