

ÅRSREGNSKAPET FOR REGNSKAPSÅRET 2021 - GENERELL INFORMASJON

Enheten

Organisasjonsnummer:	989 584 022
Organisasjonsform:	Aksjeselskap
Foretaksnavn:	SIGNICAT AS
Forretningsadresse:	Beddingen 16 7042 TRONDHEIM

Regnskapsår

Årsregnskapets periode:	01.01.2021 - 31.12.2021
-------------------------	-------------------------

Konsern

Mørselskap i konsern:	Ja
Konsernregnskap lagt ved:	Ja

Regnskapsregler

Regler for små foretak benyttet:	Nei
Benyttet ved utarbeidelsen av årsregnskapet til selskapet:	Forenklet IFRS
Benyttet ved utarbeidelsen av årsregnskapet til konsernet:	Forenklet IFRS

Årsregnskapet fastsatt av kompetent organ

Bekreftet av representant for selskapet:	Asger Jens Hattel
Dato for fastsettelse av årsregnskapet:	01.09.2022

Grunnlag for avgivelse

År 2021: Årsregnskapet er elektronisk innlevert
År 2020: Tall er hentet fra elektronisk innlevert årsregnskap fra 2021

Det er ikke krav til at årsregnskapet m.v. som sendes til Regnskapsregisteret er undertegnet. Kontrollen på at dette er utført ligger hos revisor/enhetens øverste organ. Sikkerheten ivaretas ved at innsender har rolle/rettighet for innsending av årsregnskapet via Altinn, og ved at det bekreftes at årsregnskapet er fastsatt av kompetent organ.

Att. Ingvar Gjerdem

Tillatelse til å utarbeide årsregnskap og årsberetning på engelsk for Signicat AS, org.nr. 989 584 022

Vi viser til deres brev av 30. juni 2022 der det søkes om dispensasjon fra kravet til å utarbeide årsregnskap og årsberetning på norsk for Signicat AS.

Skattekontoret gir på bakgrunn av en konkret helhetsvurdering dispensasjon fra kravet til å utarbeide årsregnskap og årsberetning på norsk, jf. regnskapsloven § 3-4 tredje ledd. Dispensasjonen gjelder så lenge opplysningene som danner grunnlaget for vedtaket ikke endres vesentlig.

Kopi av dette brevet må sendes til Regnskapsregisteret i Brønnøysund sammen med årsregnskapet. Den regnskapspliktige må selv dokumentere ved dette brev at tillatelse er gitt.

Bakgrunn

Signicat AS har en profesjonell eier og er en del av et konsern. Selskapet sin virksomhet er forskning og utvikling innen informasjonsteknologi, utvikling av dataprogrammer, drift av IT-tjenester, konsulentvirksomhet og lignende virksomhet, samt deltakelse i andre virksomheter og selskaper.

Engelsk er konsernets arbeidsspråk. Selskapet henvender det seg til et profesjonelt marked som behersker engelsk. Selskapet har utenlandsk styreleder og to av styremedlemmene er ikke norske.

Skattekontorets vurdering

Etter regnskapsloven § 3-4 tredje ledd skal "årsregnskapet og årsberetningen [...] være på norsk. Departementet kan ved [...] enkeltvedtak bestemme at årsregnskapet og/eller årsberetningen kan være på et annet språk."

I Ot. prp. nr. 42 (1997-1998) Om lov om årsregnskap mv., er det uttalt følgende om regnskapslovens formål, jf. pkt. 1.1:

"Regjeringen har som siktemål at regnskapsloven skal bidra til informative regnskaper for ulike grupper av regnskapsbrukere. Regnskapsbrukerne er dels investorer og kreditorer som tilfører kapital til foretakene, og dels andre grupper som har interesse av å vite hvordan foretaket drives, f.eks. de ansatte og lokalsamfunnet. Informasjonen til kapitalmarkedet skal gi grunnlag for riktig

prising av finansielle objekter. Riktig prisdannelse på aksjer er en forutsetning for at ressursbruken i samfunnsøkonomien skal bli best mulig. Gode regnskaper vil også gjøre det vanskeligere for markedsdeltakere å ta ut spekulasjonsgevinster med basis i skjevt fordelt informasjon.”

Det fremgår således at et av hovedformålene med regnskapsloven er å bidra til “informative regnskaper for ulike grupper av regnskapsbrukere”. Regnskapsbrukere vil omfatte, jf. uttalelsen i proposisjonen, blant andre investorer, kreditorer, ansatte og lokalsamfunnet.

Det er etter skattekontorets vurdering derfor avgjørende ved vurdering av om dispensasjon fra kravet til å utarbeide årsregnskap og/eller årsberetning på norsk kan gis, at det ikke foreligger mulige brukere av regnskapsinformasjon som blir vesentlig berørt negativt ved en eventuell dispensasjon.

Det er særlig hensynet til brukerne av regnskapsinformasjon som skal vurderes ved en dispensasjonssøknad. I denne vurderingen har skattekontoret lagt særlig vekt på at selskapet har en profesjonell eier og er en del av et konsern. Videre er det vektlagt at selskapet driver virksomhet i en bransje der alle sentrale aktører behersker og benytter engelsk.

Vennligst oppgi vår referanse ved henvendelse i saken.

Med hilsen

Note 1 – Significant accounting principles

Reporting entities

Signicat AS is a company based in Norway, headquartered in Trondheim. The Company has subsidiaries in Sweden, Lithuania, Estonia, Netherlands, Spain and Germany, as well as offices in Lisbon, and sales offices/ department offices in Copenhagen, Helsinki, London, Haag, and Frankfurt. The consolidated financial statements of Signicat AS is composed of the parent company and its subsidiaries (collectively referred to as “the Group”). Signicat AS offers identity services through the security platform id.signicat. Identity services includes digital signing and authentications, which are offered to large and small entities within the public and private

2. Basis for preparation

The financial statements are prepared in NOK, which is the Company’s functional currency. The financial statements are prepared applying the historical cost convention. No assets, except for financial instruments, are carried at fair market value.

2.1 Financial framework

The Company’s financials, and the Group financials, have been prepared in accordance with the Norwegian Accounting Act § 3-9 and regulations on simplified IFRS (2014). This primarily involves accounting in accordance to the International Financial Reporting Standards (IFRS) and presentation and notes being in accordance with Norwegian GAAP.

2.2 IFRS 16 Leases

Method for measuring and recognition

Measuring the lease obligation

The lease obligation is measured as the present value of future lease payments associated with the right to use the underlying asset in the lease period. The lease period is defined as the period during which the lease contracts cannot be cancelled.

The lease payments used for calculating the lease obligation primarily consist of reoccurring, fixed lease payments. Signicat does not include in its calculation of the obligation variable lease payments pertaining to increase in payments due to price indexing (which is used to adjust payments to changes in circumstances, such as inflation). Such costs are instead expensed as incurred in the fiscal year in which the circumstances triggering such increases/ changes occur. The lease obligation is measured accordingly; by increasing it to account for interest incurred, reducing it to account for lease payments made, and by remeasuring the obligation to account for changes in assumptions, changes in the lease contract itself, or by adjusting it to account for changes in price indexing or interest rate. Please refer to note 8 for additional information and details about the effects on the financial statements.

2.3 Estimates and assumptions

The preparation of financial statements in accordance with simplified IFRS requires management to make assumptions and estimates that impact accounting principles and the accounting for assets, liabilities, revenues and expenses. Estimates and associated assumptions are based on experiences from prior years and other such relevant data, which, in all material respect, is considered reasonable. These assumptions and calculations form the basis for the accounting for assets and liabilities whose balances are not easily derived from other sources. Accordingly, estimates and assumptions may vary from actual figures.

The estimates and underlying assumptions are reassessed continually. Changes in accounting estimates are accounted for in the fiscal period in which such changes are determined if the changes only effect the period in which the change occurs. If the change also affects future

3. Significant accounting principles

The accounting principles described below are applied consistently for all periods presented in the consolidated financial statements and for all companies included in the Group of companies.

3.1 Consolidation

The Group consists of Signicat AS (parent company) and its subsidiaries. The subsidiaries are companies over which the Group has control. The Group is considered to have control if it has the right to direct the activities of the subsidiary, either directly or indirectly, and through such achieve benefit from the subsidiary's operations. The financials for the subsidiaries are included in the consolidated financial statements from the point in time that control is obtained until such control ceases.

Intra-group transactions include the exchanges of human capital when working on projects, both external and internal projects, and in the payment of royalties on sales subsidiaries make of products developed and owned by the parent company.

All material intra-group transactions and intra-group balances are eliminated in the consolidated financial statements.

Acquisitions of subsidiary companies are accounted for using the acquisition method of accounting. When the purchase price is greater than the subsidiary's net assets, the excess cost is recorded as goodwill.

All consolidated subsidiaries are owned 100%.

3.2 Foreign currency

Transactions denominated in foreign currency is translated to the functional currency using the exchange rate in effect at the time of the transaction.

Monetary assets and liabilities in foreign currencies are translated to NOK using the exchange rate at the balance sheet date. Foreign exchange gains and losses resulting from the revaluations are included in the income statement.

Revenues earned and expenses incurred abroad is translated to NOK using the average exchange rate in effect for the fiscal year. Assets and liabilities in foreign operations are translated to NOK using the exchange rate in effect at the balance sheet date. The effect of using difference exchange rates in the balance sheet an income statement is recognized in

3.3 Operating revenues

Operating revenues from the various revenue streams are recognized in the income when the risk of loss and benefit has been transferred to the buyer.

3.4 Financial instruments

The Group does not have any active financial derivative.

3.5 Intangible assets

Intangible assets consist of goodwill, development costs, and customer lists. Deferred tax asset, as described under the heading "deferred tax and income tax" is included in the heading "intangible assets", as this is considered a natural classification, even if it is not explicitly an intangible asset.

Goodwill

All consolidated entities are accounted for using the acquisition method. Goodwill represents amounts coming about at the time the acquisition is executed. For acquisitions occurring subsequent to January 1, 2004, goodwill represents the difference between acquisition price and the fair market value of the net assets acquired.

Goodwill is booked at cost at the time of the acquisitions, net of any accumulated impairment losses. Goodwill is allocated to cash generating units and is amortized. It is also tested for impairment on an annual basis.

Development costs

Costs associated with development activities are capitalized to the extent the costs can be measured reliably, the product or process is deemed technically and commercially viable, the Group has sufficient resources to complete the development, and it is probable that the future economic benefits attributable to the product or process will flow to the Company. Development costs are capitalized at cost, net of accumulated amortization and impairment. Capitalized development costs are deemed to have a useful life of 5 years, as the development primarily is associated with the development of various modules.

Other intangible assets

Other purchased intangible assets are carried at costs, net of accumulated amortization and impairment.

For other intangible assets with finite useful lives, the carrying value is tested for impairment at fiscal year-end if circumstances that may indicate impairment is identified. These intangible assets values are carried at cost net of accumulated amortization and accumulated impairment. No impairments have been identified in the current year.

Costs associated with internally generating goodwill and branding is expensed in the period incurred.

3.7 Fixed assets

Fixed assets are carried at cost, net of accumulated depreciation and accumulated impairment if any. Cost represents all costs directly attributable to the purchasing of the asset. If the recoverable amount of the asset is lower than the asset's carrying value (cost, net of accumulated depreciation and accumulated impairment), an impairment charge is booked to reduce the carrying value to recoverable amount. Costs associated with routine maintenance and repairs is expensed as incurred. Costs associated with significant upgrades or refurbishments which significantly increases the assets' useful lives are capitalized. Costs associated with replacing fixed assets are capitalized.

3.8 Depreciation and impairment

Depreciation is calculated straight-line, based on the asset's expected useful life, and recognized in the income statement. Assets with indefinite useful lives are not depreciated but are assessed for impairment (please refer to discussion below). The depreciation and impairment is classified as operating expenses. The useful lives of fixed assets are reassessed annually and is discussed in detail in notes 14 and 15.

3.9 Impairment

The carrying values of the Group's assets are reviewed at the balance sheet date to assess for indications of impairment. If such indications are identified, the respective asset's recoverable amount is calculated. The recoverable amount of goodwill, assets with indefinite useful lives, and intangible assets not yet in use, are calculated annually on the balance sheet date.

An impairment is booked if the carrying value of the asset or cash generating unit is greater than the estimated recoverable amount. A cash generating unit is the smallest identifiable group of net assets generating cash flows separately from other assets or groups of assets. The impairment amount is recognized in the income statement. For impairment of cash generating units first reduce the carrying value of any associated goodwill before reducing the asset values of the cash generating unit on a pro rata basis.

The recoverable amount of an asset or cash generating unit (CGU) is the greater of its fair value less cost to sell and value in use. Value in use refers to the present value of all future cash flows from an asset or CGU, discounted at the pre-tax interest rate reflecting the market determined time value of money given the risk level associated with the specific asset. For assets who does not primarily generate independent cash flows, the recoverable amount for the associateed CGU in which the asset is included is calculated. An impairment loss is recognized when the carrying value of the asset or CGU is greater than its recoverable amount. Impairment losses are recognized in the income statement.

Impairment losses are only reversed to the extent that the carrying value does not exceed the carrying value the asset would have had if no impairments were booked in the past. An impairment of goodwill is never reversed.

3.10 Investment in subsidiaries

Investments in subsidiaries are booked in accordance with the cost method in the financial statements of the parent company. The investments are valued at cost, net of any impairments. An impairment is booked when the fair value has fallen below the carrying value, and the fall in value is deemed other than temporary.

3.11 Account receivables

Trade accounts receivable and other receivables are carried at cost, net of any loss of value. A loss of value for a financial asset carried at cost is calculated as the difference between the carrying value and the net present value of future cash flows from the receivable. Any such loss of value is recognized in the income statement.

3.12 Cash and cash equivalents

Cash and cash equivalents consist of cash on hand and special drawing rights. Overdraft facility arrangements with banks that are payable on demand, which constitute an integral part of the Company's liquidity management, and investments of high liquidity, are categorized as cash and cash equivalents in the statement of cash flows.

3.13 Compensation of employees - pensions

Defined contribution pension plans

The parent company has a general defined contribution pension plan. The subsidiary companies also have defined contribution plans, and the contribution rates differ between countries. A defined contribution plan is a plan where the Company make fixed payments to a pension fund, and has no legal obligation or duty to make payments in excess of the fixed contribution amounts. The fixed payments are recognized as personnel cost in the income statement as they are incurred.

Additionally, the parent company has a defined benefit plan for 1 employee, which is

3.14 Accruals

An accrual is booked when the Company has a present legal or other obligation as a result of past events, which can be measured reliably, and is expected to result in an outflow of resources at settlement.

3.15 Government grants

The parent company receives government grants in connection with development activities, in the form of Skattefunn and other grants to support development. The grants are recognized in the income statement when it is reasonably likely that the requirements for receiving the grants are satisfied, and it is reasonably likely that the grants will be paid. The government grants are included as operating revenues in the financial statements.

3.16 Deferred tax and income tax

Income taxes on the period's taxable income consist of current taxes and deferred taxes. Income taxes are recognized in the income statement, except for taxes on amounts included in computation to arrive at total income. The tax effect of such items are recognized in the figures to arrive at total income.

The current tax liability (or asset) on the current year's taxable income is measured as the amount expected to be paid to (recovered from) the tax authorities using the enacted tax rates on the balance sheet date, in addition to any corrections of taxes payable from prior years.

Deferred taxes are accrued based on IAS 12, taking temporary differences between the tax and accounting values of certain assets and liabilities into consideration. These differences are expected to reverse in the future and, the enacted tax rates as of the balance sheet date is used in their calculation. Temporary differences associated with goodwill is not recognized as a temporary difference as goodwill is not tax depreciable or otherwise recognized for tax purposes (its tax base is nil). Accordingly, the current year's income tax expense represents movement in deferred tax balances for the period in combination with expected taxes on the current year's taxable income, adjusted for corrections of errors in prior years if any.

A deferred tax asset is only recognized to the extent that it is probable that the temporary difference will reverse in the foreseeable future and that taxable profit will be available against which the temporary difference can be utilized. The deferred tax asset is reduced to the extent that that it is no longer probable that the tax asset will be utilized (i.e. that it is no longer probable that sufficient taxable profit will be available to allow the benefit of part or all of the deferred tax asset).

Capitalized technology

Capitalized technology includes internal personnel costs related to development of new products for electronic id and electronic signature. The new products are an important part of the strategy to gain contracts in new markets outside the Nordic region and to sell new products to existing and new customers within the Nordic region. The Group capitalized NOK 70.9 million during 2021 (NOK 77.4 million during 2020) and the amounts are amortized over a 5 year period which are the expected timeframe that the Group will benefit from the development activities.

During 2021, the Group received governments grants of NOK 1.6 million (NOK 2.3 million during 2020) which has been netted against the capitalized amount.

Impairment

The Group reviews assets for impairment whenever there is an indication of impairment and at year-end. The test is performed at the cash-generating unit (CGU) level for the total tangible and intangible asset in each unit. The CGUs have been identified to be each separate country the Group operates which is considered to be the smallest identifiable group of assets that generates cash flow that are largely independent from cash flow from other assets or group of assets. Acquired intangible assets are allocated to the Group's CGU based upon location of the acquiree.

The recoverable amount for a CGU is the higher of the fair value less cost of disposal and its value in use. Value in use is calculated using the estimated future cash flow based upon a five-year financial forecast that have been approved by the Group management. Cash flow beyond the five-year period have been extrapolated using an estimated growth rate. If the recoverable amount is less than the total assets in the CGU, an impairment is recognized by first reducing the value of goodwill in the CGU, and after that by a reduction of other assets on a pro rata basis.

The key assumptions used in the value in use calculations is related to the discount rate and the growth rate.

Discount rate

The cash flows are discounted using the expected long-term weighted average cost of capital ("WACC"). The applied after-tax discount rate used on 31 December 2021 is 12.2 percent (2020: 11.6 percent). The WACC rates which are used to discount future cash flows are based on market risk free interest rates adjusted for inflation and include the debt premium, market risk premium, gearing, corporate tax rate and asset beta.

Growth rate

For the first five year period, the Groups financial forecast approved by management has been used. The forecast includes a growth in both revenues and operating expense, but with the same net margin as currently achieved. After the five year period a growth rate of 0.5 percent has been used.

Sensitivity

On 31 December 2021, the Group's value in use was higher than the carrying amounts of the CGUs. A sensitivity analysis has been performed, to determine if a reasonable change in key assumptions would cause the carrying amount to exceed the recoverable amount in any of the CGUs. For the CGU tested with the lowest margin, a reduction in the estimated revenue by 2 percent, an increase in the operating cost by 2 percent or an increase in WACC after tax by 2 percent point would not lead to any impairment loss.

Notes to financial statement 2021

Note 7 - Leasing/Leasing

The Group leases several assets, including office buildings, vehicles and technical equipment. Leases of office buildings generally have lease terms between 2 and 7 years, while vehicles, technical other equipment have lease terms between 2 and 5 years. The Group has also leases within these categories that are expensed as incurred as they are either considered short term or of low value. For leases of office buildings, non-lease components (i.e., for instance common costs for services) are excluded from the lease payments. The Group has chosen the practical expedient to not separate non-lease components from the lease payments for transportation vehicles and other leased assets.

The Group's right-of-use assets are recognized in the consolidated statement of financial position separately from fixtures and equipment and presented in the table below.

To the General Meeting of Signicat AS

Independent Auditor's Report

Opinion

We have audited the financial statements of Signicat AS, which comprise:

- The financial statements of the parent company Signicat AS (the Company), which comprise the statement of financial position as at 31 December 2021, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and
- The consolidated financial statements of Signicat AS and its subsidiaries (the Group), which comprise the statement of financial position as at 31 December 2021, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion:

- the financial statements comply with applicable statutory requirements,
- the financial statements give a true and fair view of the financial position of the Company as at 31 December 2021, and its financial performance and its cash flows for the year then ended in accordance with simplified application of international accounting standards according to section 3-9 of the Norwegian Accounting Act, and
- the financial statements give a true and fair view of the financial position of the Group as at 31 December 2021, and its financial performance and its cash flows for the year then ended in accordance with simplified application of international accounting standards according to section 3-9 of the Norwegian Accounting Act.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company and the Group as required by laws and regulations and the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The Board of Directors and the Managing Director (management) are responsible for the information in the Board of Directors' report. The other information comprises information in the annual report, but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the information in the Board of Directors' report.

In connection with our audit of the financial statements, our responsibility is to read the Board of Directors' report. The purpose is to consider if there is material inconsistency between the Board of Directors' report and the financial statements or our knowledge obtained in the audit, or whether the Board of Directors' report otherwise appears to be materially misstated. We are required to report if

Penneo Dokumentnøkkel: ZNQ14-SXEVEV-0J0QW-G3UYU-XZAZO-21WCA

there is a material misstatement in the Board of Directors' report. We have nothing to report in this regard.

Based on our knowledge obtained in the audit, it is our opinion that the Board of Directors' report

- is consistent with the financial statements and
- contains the information required by applicable legal requirements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with simplified application of international accounting standards according to the Norwegian Accounting Act section 3-9, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's and the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error. We design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's or the Group's internal control.
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- conclude on the appropriateness of management's use of the going concern basis of accounting, and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company and the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company and the Group to cease to continue as a going concern.
- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves a true and fair view.

Independent Auditor's Report - Signicat AS

- obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
