## Letter From Jim Johnson

I am often reminded when we compile the Annual Report of all the great projects and activities that our GE Johnson employees accomplish in one year. As you can see, GE Johnson met the challenging economy in 2022 and excelled and grew in our markets while continuing to invest in our people, ensuring that GE Johnson's future is bright and prosperous.

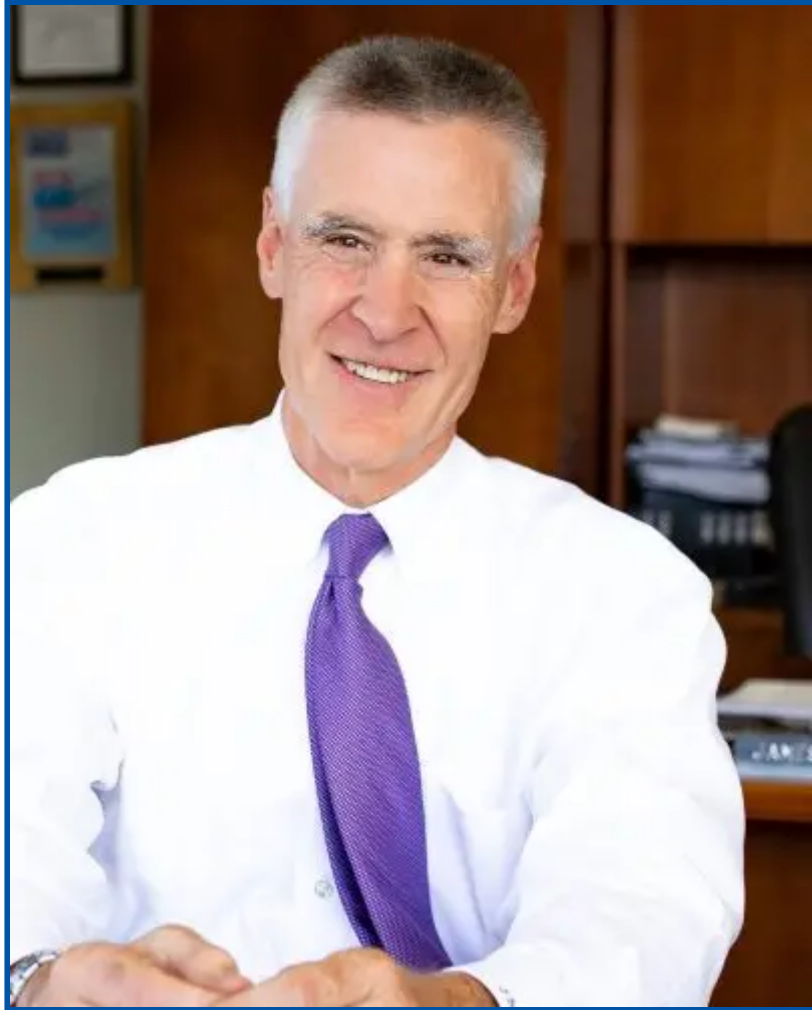

We continue to differentiate ourselves by providing the highest quality of services and teams, and investing in relationships with our clients.

Thank you for all your hard work this past year. Happy holidays and best wishes for 2023.

**Jim Johnson,**

President/CEO
