## Members' report for the year ended 31 December 2022

The Management Committee presents its Annual report together with the audited financial statements of Husco International Partners LLP ('the LLP') for the year ended 31 December 2022.

### Principal activities of Husco International Partners LLP

The principal activity of the LLP is to manufacture, assemble and sell hydraulic control equipment.

### Designated members and Management Committee

The designated members (as defined in the Limited Liability Partnerships Act 2000) of the LLP during the year and up to the date of signing are:

Husco International One Ltd  
Husco International Two Ltd

### Financing and the subscription and repayment of members' capital

The LLP is financed through a combination of members' capital and bank borrowings.

The total amount of members' capital contributions is proposed to members by the Board of the LLP, having regard to the requirements of the LLP. Individual members' capital contributions will be forfeited if the member leaves the LLP.

### Profit allocation and members' drawings

Each member may draw from the LLP each month amounts as agreed in writing between the LLP and the member or, in the absence of or following the expiry of such agreement, in amounts as may be notified to the member by the Board.

### Statement of members' responsibilities

The members are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Limited Liability Partnerships (Accounts and Audit) (Application of Companies Act 2006) Regulations 2008 (the 2008 Regulations) requires the members to prepare financial statements for each financial year. Under that law the members have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law).

Under the 2008 Regulations, the members must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the partnership and of the profit or loss of the partnership for that period.

In preparing those financial statements, the members are required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgements and estimates that are reasonable and prudent;
- State whether applicable United Kingdom Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the partnership will continue in business.

Under the 2008 Regulations the members are responsible for keeping adequate accounting records that are sufficient to show and explain the partnership's transactions and disclose with reasonable accuracy at any time the financial position of the partnership and to enable them to ensure that the financial statements comply with the requirements of those Regulations. They are also responsible for safeguarding the assets of the partnership and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

# Husco International Partners LLP

## Members' report for the year ended 31 December 2022 (Continued)

### Statement of members' responsibilities (continued)

The members are responsible for the maintenance and integrity of the corporate and financial information included on the partnership's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

These responsibilities are exercised by the designated members on behalf of the members.

### Provision of information to the LLP's auditors

The members confirm that, so far as they are aware, there is no relevant audit information of which the LLP's auditors are unaware. The members also confirm that they have each taken all the steps that they ought to have taken in order to make themselves aware of any relevant audit information and to establish that the LLP's auditors are aware of that information.

### Independent Auditors

The independent auditors for Husco International Partners LLP are RSM UK Audit LLP who will be proposed for reappointment at the next members meeting.

### Principal risks, uncertainties and business review

The managers believe the partnership's principal risks are:

- Loss of key customers
- Lack of demand in key markets (construction/agriculture/materials handling)
- Breakdown of global supply chains

The risk of losing key customers is managed by developing and continuing good relationships with these customers. Furthermore, the partnership actively explores new business opportunities to both increase market share and reduce dependence on key customers.

The customer order book for 2022 was up by 9% vs 2021 continuing to show stability post pandemic. The customer order book for 2023 has remained strong with an optimistic outlook over the next 5 years.

Global supply chains suffered less in 2022 but still had some challenges; the logistics market saw prices spiral for regular freight along with commodity increases impacting piece part prices. The entity continues to work closely with its suppliers to ensure they have appropriate production capacity to support the current order book and subsequent surge demand.

### Financial risk management

The entity's operations expose it to a variety of financial risks that include debt market price risk, foreign exposure risk, price risk, credit risk, liquidity risk and interest rate risk. Of these, the members only consider debt market price risk and foreign exposure risk to be material.

#### *Debt market price risk*

The entity has exposure to debt market price risk via the risk of deficit on its defined benefit pension fund. The members have accepted the funding levels proposed by the latest actuarial valuation, this scheme is sitting as a surplus for the year ended 31 December 2022.

#### *Foreign exposure risk*

The entity operates in several currencies and its trading cycle gives rise to liabilities in the US dollar and Euro. The entity therefore uses spot rate deals along with occasional forward currency deals to manage this risk. Hedge accounting has not been adopted in this respect, and there were no hedging instruments in place at the year end.

The Members believe that fluctuations in foreign exchange rates could be material dependent on the level of volatility. The members' mandate is to be cost neutral in respect of foreign exchange, thereby ensuring that undue risks are not taken in the pursuit of gains.

# Husco International Partners LLP

## Members' report for the year ended 31 December 2022 (Continued)

### Key Performance Indicators

The members measure the performance of the business by using a number of key performance indicators (KPI's) which are as follows:

	2022	2021
Safety (recordable incidents)	2	3
Quality (Customer Parts Per Million)	1,305	1,226
Customer Service (On time delivery)	36%	45%
Operating performance (Productivity)	51%	50%
EBITDA	£2,014k	£4,224k

Operational efficiency did not show much improvement year on year, but throughput increased significantly to satisfy increased customer demand. As a result, the entity continued with the recruitment drive - the resulting increase in training requirements and lack of experience impacted on OTD and productivity. EBITDA decreased due to the volatility in the supply chain pricing market and energy increases in the second half of the year.

### Energy and Carbon Reporting

This SECR disclosure represents our United Kingdom carbon footprint against Scope 1 and 2 emissions. It includes an appropriate intensity metric, our total scopes 1 to 2 energy use, and a summary of the energy efficiency actions taken in the relevant financial year.

Scope 1 Direct Emissions (Gas Combustion)	2021	2022
Gas Consumption KWH	2767702.00	3040934.00
CO <sup>2</sup> Emissions Tonnes	510.31	559.44
Purchased Fuel Ltrs (Fleet) Diesel	5366.30	5737.60
CO <sup>2</sup> Emissions Tonnes	13.48	14.41
Purchased Fuel (Fleet) Unleaded	438.40	2014.30
CO <sup>2</sup> Emissions Tonnes	0.96	4.42
<b>Scope 2 Indirect Emissions (Purchased Electricity)</b>		
Electricity Consumption KWH	4723984.00	4448745.56
CO <sup>2</sup> Emissions Tonnes	1003.04	860.30
<b>Intensity Ratio</b>		
CO <sub>2</sub> e Tonnes	1527.80	1438.57
CO <sub>2</sub> e Emissions (Tonnes per Earnt/Hr)	0.0042	0.0034

# Husco International Partners LLP

## Members' report for the year ended 31 December 2022 (Continued)

### Energy Efficiency Actions

In the period covered by this disclosure Husco International Partners LLP have continued to improve the energy efficiency of our operations and facility. This includes:

- Dedicated temporary resource allocated to identifying and initial scoping of energy saving opportunities
- Shift changes from 24:7 to 24:5 operation
- Implementation of power factor correction
- Review and alteration of MecWash cycle times – improving energy efficiencies whilst maintaining required product cleanliness
- Sourcing and purchase of EV car charging, for implementation late 2023.

### Going concern

The turnover in 2022 increased vs 2021 with the demand remaining strong in 2023 and customer forecasts remaining optimistic and at a record high. Safety of the workforce remains a key focus for the management team to support the attraction and retention of staff. Investment in capital assets increased in 2022 and will continue at a higher rate, especially over the next 2 years, to ensure the business has sufficient available capacity. Along with the ongoing support of the parent company (Husco International, Inc.), it is reasonable to adopt a going concern basis when preparing the financial statements.

### Registered Office and Partnership Registration number

The Registered Office of the partnership throughout the year was 6 Rivington Road, Whitehouse Industrial Estate, Runcorn, Cheshire, WA7 3DT. The Partnership Registration number is OC401166.

# Husco International Partners LLP

## Independent auditors' report to the members of Husco International Partners LLP

### Qualified Opinion

We have audited the financial statements of Husco International Partners LLP (the 'limited liability partnership') for the year ended 31 December 2022 which comprise the Profit and Loss Account, Statement of Comprehensive Income, Balance Sheet, Statement of Changes in Members Interests, Cash flow Statement and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

In our opinion, except for the possible effects of the matter described in the Basis for qualified opinion section of our report, the accompanying financial statements:

- give a true and fair view of the state of the limited liability partnership's affairs as at 31 December 2022 and of its result for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006 as applied to limited liability partnerships.

### Basis for qualified opinion

With respect to inventory having a carrying amount of £15,618,874 and cost of sales of £39,801,129 the audit evidence available to us was limited because of inventory count variances identified during the course of our audit. Owing to the nature of the limited liability partnership's records, we were unable to obtain sufficient appropriate audit evidence regarding the inventory quantities and the corresponding impact on cost of sales by using other audit procedures. Consequently we were unable to determine whether any adjustments to inventory and cost of sales were necessary.

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the limited liability partnership in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

### Conclusions relating to going concern

In auditing the financial statements, we have concluded that the members' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the limited liability partnership's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorized for issue.

Our responsibilities and the responsibilities of the members with respect to going concern are described in the relevant sections of this report.

### Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The members are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, we do not express any form of assurance conclusion thereon.

# Husco International Partners LLP

## Independent auditors' report to the members of Husco International Partners LLP (Continued)

### Other Information (Continued)

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

### Matters on which we are required to report by exception

In respect solely of the limitation on our work relating to inventory and cost of sales, described above:

- we have not obtained all the information and explanations that we considered necessary for the purpose of our audit; and
- we were unable to determine whether adequate accounting records had been kept.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 applied to limited liability partnerships requires us to report to you if, in our opinion:

- returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns.

### Responsibilities of members

As explained more fully in the Members' Responsibilities Statement set out on page 2, the members are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the members determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the members are responsible for assessing the limited liability partnership's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the members either intend to liquidate the limited liability partnership or to cease operations, or have no realistic alternative but to do so.

### Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

### The extent to which the audit was considered capable of detecting irregularities, including fraud

Irregularities are instances of non-compliance with laws and regulations. The objectives of our audit are to obtain sufficient appropriate audit evidence regarding compliance with laws and regulations that have a direct effect on the determination of material amounts and disclosures in the financial statements, to perform audit procedures to help identify instances of non-compliance with other laws and regulations that may have a material effect on the financial statements, and to respond appropriately to identified or suspected non-compliance with laws and regulations identified during the audit.

# Husco International Partners LLP

## Independent auditors' report to the members of Husco International Partners LLP (Continued)

### The extent to which the audit was considered capable of detecting irregularities, including fraud (Continued)

In relation to fraud, the objectives of our audit are to identify and assess the risk of material misstatement of the financial statements due to fraud, to obtain sufficient appropriate audit evidence regarding the assessed risks of material misstatement due to fraud through designing and implementing appropriate responses and to respond appropriately to fraud or suspected fraud identified during the audit.

However, it is the primary responsibility of management, with the oversight of those charged with governance, to ensure that the entity's operations are conducted in accordance with the provisions of laws and regulations and for the prevention and detection of fraud.

In identifying and assessing risks of material misstatement in respect of irregularities, including fraud, the audit engagement team:

- obtained an understanding of the nature of the industry and sector, including the legal and regulatory framework that the limited liability partnership operates in and how the limited liability partnership is complying with the legal and regulatory framework;
- inquired of management, and those charged with governance, about their own identification and assessment of the risks of irregularities, including any known actual, suspected or alleged instances of fraud;
- discussed matters about non-compliance with laws and regulations and how fraud might occur including assessment of how and where the financial statements may be susceptible to fraud.

As a result of these procedures we consider the most significant laws and regulations that have a direct impact on the financial statements are FRS 102, the Companies Act 2006 and the LLP SORP. We performed audit procedures to detect non-compliances which may have a material impact on the financial statements which included reviewing financial statement disclosures and completion of disclosure checklists.

The audit engagement team identified the risk of management override of controls and revenue recognition as the areas where the financial statements were most susceptible to material misstatement due to fraud. Audit procedures performed included but were not limited to testing manual journal entries and other adjustments and evaluating the business rationale in relation to significant, unusual transactions and transactions entered into outside the normal course of business. For revenue recognition procedures included carrying out substantive testing, tests of control and data analytical procedures.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: <http://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

### Use of our report

This report is made solely to the limited liability partnership's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006 as applied to limited liability partnerships. Our audit work has been undertaken so that we might state to the limited liability partnership's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the limited liability partnership and the limited liability partnership's members as a body, for our audit work, for this report, or for the opinions we have formed.

## Notes to the financial statements

### 1. General Information

Husco International Partners LLP (LLP) provides hydraulic valves to customers in the United Kingdom, Europe, America and Asia.

The entity is a limited liability partnership and is incorporated and domiciled in the United Kingdom. The address of its registered office is 6 Rivington Road, Whitehouse Industrial Estate, Runcorn, Cheshire, WA7 3DT.

### 2. Statement of Compliance

The financial statements of Husco International Partners LLP have been prepared in compliance with United Kingdom Accounting Standards, including Financial Reporting Standard 102, "The Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland" ("FRS 102") and the Companies Act 2006 as applied to limited liability partnerships by the Limited Liability Partnerships (Accounts and Audit) (Application of Companies Act 2006) Regulations 2008.

### 3. Summary of significant accounting policies

The principle accounting policies applied in the preparation of these group and separate financial statements are set out below. These policies have been consistently applied throughout the period, unless otherwise stated.

#### 3.1 Basis of preparation

These financial statements are prepared on the going concern basis, under the historical cost convention and in accordance with applicable accounting standards in the United Kingdom and the Companies Act as applied to limited liability partnerships by the Limited Liability Partnerships (accounts and Audit) (Application of Companies Act 2006) Regulations 2008. The preparation of the financial statements in conformity with FRS 102 and the Statement of Recommend Practice "Accounting by Limited Liability Partnerships" (published December 2021) requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the LLP's accounting policies (refer to note 4.1).

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the financial statements.

#### 3.2 Going concern

The LLP meets its day-to-day working capital requirements through a combination of members' capital and bank financing. LLP medium term forecasts continue to show improvement in operating profit, aided by the investment in new and existing manufacturing equipment for future secured business. Medium term forecasts also show the entity generating sufficient cash to pay down additional financing required for said manufacturing equipment.

Furthermore, the LLP has the ongoing support of the parent company (Husco International, Inc.). As a result, the members have a reasonable expectation that the LLP has adequate resources to continue in operational existence for the foreseeable future. The LLP therefore continues to adopt the going concern basis in preparing its financial statements.

# Husco International Partners LLP

## Notes to the financial statements 2022 (continued)

### 3.3 Members' participation rights

Members' participation rights are the rights of a member against the LLP that arise under the members' agreement. Members' participation rights in the earnings or assets of the LLP are analysed between those that are, from the LLP's perspective, either a financial liability or equity, in accordance with section 22 of FRS 102.

A member's participation rights including amounts subscribed or otherwise contributed by members, for example members' capital, are classed as liabilities unless the LLP has an unconditional right to refuse payment to members, in which case they are classified as equity.

Profits are automatically divided as they arise, so the LLP does not have an unconditional right to refuse payment and the amounts arising that are due to members are in the nature of liabilities. They are therefore treated as an expense and presented as members remuneration charged as an expense in arriving at the result for the relevant year. To the extent that they remain unpaid at the period end, they are shown as liabilities. Losses can only be allocated to members up to the accumulated balance of their capital contributions unless the members formally waive that right.

### 3.4 Turnover recognition

Turnover represents the invoiced value of goods and services supplied, net of value added tax and trade discounts. Turnover is recognised when the despatch and invoicing of goods or the rendering of services has been completed as this is when the risks and rewards transfer.

### 3.5 Foreign currencies

These financial statements are presented in pound sterling.

The LLP's functional and presentation currency is the pound sterling.

Transactions in foreign currencies affecting monetary assets and liabilities are recorded at the rate ruling at the date of the transaction, any gains or losses being taken to the profit and loss account. Balances in foreign currencies are retranslated at the balance sheet date with all differences recognised in the profit and loss account.

### 3.6 Fixed assets

Tangible fixed assets are stated at historic purchase cost less accumulated depreciation. Cost includes the original purchase price of the asset and the costs attributable to bringing the asset to its working condition for its intended use. Depreciation is provided on all tangible fixed assets at rates calculated to write off the cost, less estimated residual value, of each asset evenly over its expected useful life as follows:

Freehold land	- Not depreciated
Long leasehold land and buildings	- over 10 to 40 years
Plant and machinery	- over 1 to 12 years
Fixtures and fittings	- over 3 to 10 years

Assets under construction and freehold land are not depreciated and are stated at cost.

Tangible assets are derecognised on disposal or when no future economic benefits are expected. On disposal, the difference between the net disposal proceeds and the carrying amount is recognised in profit or loss.

### 3.7 Borrowing costs

All borrowing costs are recognised in profit or loss in the period in which they are incurred.

### 3.8 Leased assets

Leases that do not transfer all the risks and rewards of ownership are classified as operating leases. Payments under operating leases are charged to the profit and loss account on a straight-line basis over the period of the lease.

### 3.9 Stocks

Stocks are stated at the lower of cost and estimated net realisable value on a first-in, first-out (FIFO) basis. Cost includes all directly attributable costs of production. Specific provisions are made for slow moving and obsolete stock.

# Husco International Partners LLP

## Notes to the financial statements (continued)

### 3.10 Pensions and other post-retirement benefits

The LLP operates a defined benefit scheme which requires contributions to be made to a separately administered fund. The assets of the scheme are held separately from those of the LLP.

The defined benefit scheme provides benefits based on the final pensionable salary.

Defined benefit pension scheme assets are measured using closing market values. Pension scheme liabilities are measured using the projected credit method and discounted at the current rate of return on AA-rated corporate bond yields. The fair value of plan assets is measured in accordance with the FRS102 fair value hierarchy.

The expected return on the scheme's assets and the movement during the year in the present value of the scheme's liabilities, arising from the passage of time, are included in interest receivable and payable respectively.

Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to other comprehensive income. These amounts together with the return on plan assets, less amount included in net interest, are disclosed as "re-measurement of retirement benefits".

The LLP also operates a defined contribution scheme. Contributions to this scheme are charged to the profit and loss account in the period they are incurred. The assets of the plan are held separately from the LLP, in independently administered funds.

### 3.11 Employee benefits

Husco International Partners LLP provide a range of benefits to employees, including annual bonus arrangements and paid holiday arrangements.

The LLP operates a number of bonus plans for employees. An expense is recognised in the profit and loss account when the LLP has a legal or constructive obligation to make payments under the plans as a result of past events and a reliable estimate of the obligation can be made.

The LLP operates cash-settled long-term incentive plans at an operating business level for certain members of management. The plans are based on the business's performance. A liability for the plan is raised on the estimated amount payable in terms of the incentive scheme plans. In year 0, an employee is awarded an amount which vests 5 years later. Each year the liability increases in line with an additional year of service from the employee, so that when the award vests the liability covers the full amount of the award. If the employee is terminated during the 5-year period, the liability is removed.

### 3.12 Research and development costs

Expenditure on research and development activities is recognised as an expense in the period in which it is incurred.

# Husco International Partners LLP

## Notes to the financial statements (continued)

### 3.13 Financial assets

*Basic financial assets, including trade and other receivables, cash and bank balances and investments in commercial paper, are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest.*

Financial assets are derecognised when (a) the contractual rights to the cash flows from the asset expire or are settled; or (b) substantially all the risks and rewards of the ownership of the asset are transferred to another party; or (c) despite having retained some significant risks and rewards of ownership, control of the asset has been transferred to another party who has the practical ability to unilaterally sell the asset to an unrelated third party without imposing additional restrictions.

### 3.14 Financial liabilities

Basic financial liabilities, including trade and other payables, bank loans, loans from fellow group companies and preference shares that are classified as debt, are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future receipts discounted at a market rate of interest.

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade payables are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

Financial liabilities are derecognised when the liability is extinguished, that is when the contractual obligation is discharged, cancelled or expires.

### 3.15 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less and bank overdrafts. Bank overdrafts, when applicable, are shown within borrowings in current liabilities.

### 3.16 Provisions and contingencies

Provisions are recognised when the LLP has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount of the obligation can be estimated reliably.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations might be small.

In particular:

- (i) Restructuring provisions are recognised when the LLP has a detailed, formal plan for the restructuring and has raised a valid expectation in those affected by either starting to implement the plan or announcing its main features to those affected and therefore has a legal or constructive obligation to carry out the restructuring; and
- (ii) Provision is not made for future operating losses.

Provisions are measured at the present value of the expenditures expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation.

# Husco International Partners LLP

## Notes to the financial statements (continued)

### 3.18 Related party transactions

The LLP discloses transactions with related parties which are not wholly owned. Where appropriate, transactions of a similar nature are aggregated unless, in the opinion of the members, separate disclosure is necessary to understand the effect of the transactions on the LLP's financial statements.

### 3.19 Government Grants

Government grants are recognised at the fair value of the asset received or receivable when there is reasonable assurance that the grant conditions will be met and the grants will be received.

A grant that specifies performance conditions is recognised in income when the performance conditions are met. Where a grant does not specify performance conditions it is recognised in income when the proceeds are received or receivable. A grant received before the recognition criteria are satisfied is recognised as a liability.

## 4 Critical accounting judgments and estimation uncertainty

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

### 4.1 Key accounting estimates and judgements

The LLP makes estimates and judgements concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below.

#### *Defined benefit pension scheme*

The LLP has obligations to pay pension benefits to certain employees. The cost of these benefits and the present value of the obligation depend on a number of factors, including; life expectancy, asset valuations and the discount rate on corporate bonds. Management estimates these factors in determining the net pension obligation/surplus in the balance sheet. The assumptions reflect historical experience and current trends.

# Husco International Partners LLP

## Notes to the financial statements for the year ended 31 December 2022

### 1. Turnover

All turnover is generated through the off-highway (primarily construction, agriculture and material handling vehicles) market. An analysis of turnover by geographical market is given below:

	Year ended 31 December 2022 £	Year ended 31 December 2021 £
United Kingdom	25,908,689	26,926,667
Continental Europe	13,804,599	11,448,121
USA	264,951	245,139
Brazil	5,891,754	5,916,498
Asia	2,269,019	271,336
	<b>48,139,012</b>	<b>44,807,761</b>

### 2. Operating Profit

This is stated after charging:

	Year ended 31 December 2022 £	Year ended 31 December 2021 £
Auditors' remuneration – audit fees (LLP and UK Husco entities)	65,000	53,000
Depreciation	1,490,334	1,837,951
Operating lease charges		
- plant and machinery	46,631	43,249
- other	23,185	23,598
Impairment of stocks	244,176	94,378
Exchange loss	1,701,449	253,577
Government Grants (CJRS)	-	23,888
Research and development costs	1,839,334	1,439,381
Loss on disposal of fixed assets	132,108	-

Engineering, management and support	79	79
	264	252

# Husco International Partners LLP

## Notes to the financial statements for the year ended 31 December 2022 (continued)

### 5. Share based payments

Certain executives and key management are eligible to join the HUSCO International Inc long term compensation plan. In the plan, units (based on the current value of one share) are granted to certain employees of HUSCO International Partners LLP to provide additional incentive to remain in the service of the entity, as well as maintain and enhance the long term performance and profitability of the entity. The plan is administered by HUSCO International Inc.

Employees selected to participate in the plan receive dollar value awards which are converted to units of participation based on the applicable appraised fair value of the common stock of HUSCO International Inc which is calculated annually by an independent third party. Upon vesting, which typically occurs over five years, participants may redeem the units for cash or elect to defer the receipt of cash for up to an incremental five-year period. Cash compensation is based on the number of vested units and the fair value of the units, with the fair value being equal to the most recent appraised value per share of the common stock of HUSCO International Inc. The payment of cash compensation is generally made in instalments over a three-year period upon vesting. The amounts stated below have been revalued to GBP at the relevant year end rate, as the units themselves are denominated in US\$. Units are always settled in cash.

The following units of the HUSCO International Inc long term compensation plan, which includes Key management' units, were outstanding at the period year end.

	Year ended December 2022 Number of units	Year ended December 2021 Number of units
Outstanding at beginning of period	22.97	18.71
Exercised	(3.85)	(0.49)
Cancelled	-	-
Granted	4.63	4.75
<b>Outstanding at end of period</b>	<b>23.75</b>	<b>22.97</b>

The valuation of one share was \$110,875 (2021: \$101,582) revalued at the underlying exchange rate of \$1.1936/£1 (2021: \$1.3490/£1). The remaining average contractual life of the units outstanding is 2.75 years (2021: 3.5 years). Total charge for the year was £727,385 (2021: £615,938). The amount included in accruals as at year end £1,748,833 (2021: £1,335,503).

### 12. Information in relation to members

	2022 Number	2021 Number
The average number of members during the financial year	2	2
	2022 £	2021 £
(Loss) / Profit attributable to the member with the highest entitlement	(31,312)	1,095,129

Members' remuneration comprises solely on remuneration under participation rights.

### 13. Pension scheme

The LLP maintains a pension scheme for its present key management and employees. Benefits are based on final pensionable salary. Normal retirement age is 65 for men and women, but provisions are made for early retirement. The LLP's funding policy is to contribute amounts to the plan to cover service costs to date as recommended by the LLP's independent actuary.

At 31 December 2020, the date of the latest full actuarial valuation for the UK pension plan, the scheme had an actuarial deficit of £1,237,000 on pension plan assets of £9,789,000.

Membership of the occupational defined benefit and contribution schemes has been frozen (with the exception of leavers) and employees wishing to join the Husco International Ltd Pension and Life Assurance Plan join the Defined contribution scheme. This was set up in 2007. Contributions are based on a percentage of salary and are invested in a mixed portfolio of products dependent on member choice.

Total employer contributions in the year were as follows: Defined benefit scheme £305,436 (2021: £330,618), Defined contribution scheme £547,798 (2021: £383,439). Defined benefit scheme contributions are included within the pension deficit in this note.

The projected liabilities at 31 December 2022 have been calculated using the projected unit method by rolling forward the funding liability from the formal actuarial valuation as at 31 December 2020.

	At 31 December 2022 % Projected unit	At 31 December 2021 % Projected unit

## Notes to the financial statements for the year ended 31 December 2022 (continued)

### 19. Prior period adjustment

In applying the LLP SORP 2022 the members have reviewed the terms of their members' agreement relating to the allocation, division and distribution of profits. As a result of this review profits previously presented as profits available for distribution to members are presented as members' remuneration charged as an expense in the profit and loss account, statement of comprehensive income and statement of changes in members' interest. The corresponding amounts have been restated accordingly.

Changes to the statement of profit and loss account, statement of comprehensive income and statement of changes in members' interest.

Year ended 31 December 2021	As previously reported	Adjustment	As restated
Members' remuneration charged as an expense	-	(2,190,257)	(2,109,257)
Result for the financial year available for discretionary division among members	2,190,257	(2,190,257)	-
Total comprehensive income for the financial year	3,240,797	(2,190,257)	1,050,540
