## HERE Technologies is the world's leading location data and technology platform

We're eager and fearless in our goal to create game-changing products that make the world better. We believe organizations should have easy and flexible access to location datasets, products, services and solutions. That is why we offer an open platform to leverage assets, develop applications and generate insights.

## HERE 2023 Annual Sustainability Report and SASB Index

Discover how we leverage our technology and talents to deliver sustainable solutions that address societal needs, as well as the metrics with which we measure our business operations, based on the SASB framework, in our 2023 Sustainability Report.

### **How our network can help you**

We partner with industry leaders to shape the future of location technology.
