Metal processing and forming technology

Helmut Rübsamen GmbH & Co. KG offers its customers the full spectrum of metal forming technology. As one of the few companies in Germany, it masters not only metal spinning but also deep drawing, stamping, welding, and laser processing. For over 60 years, Rübsamen has supplied companies from all key sectors of European industry. At its two production sites in Bad Marienberg, Germany, approximately 330 employees work in areas including design, sales, toolmaking, and production.
